

NuCoSS-23

3rd edition of the
Nuclear Corrosion Summer School
July 2 to 7, 2023
in Gozd Martuljek, Slovenia

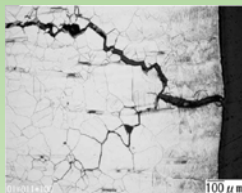

The summer school is primarily intended for people from nuclear authorities, industry and research organisations who would like to get a comprehensive overview on the whole field of nuclear corrosion.

This event is organized by the European Federation of Corrosion - Working Party 4 'Nuclear Corrosion' (EFC event no. 488).

More information & registration are available at:
www.ecg-comon.org/meetings/nucoss/

Date: July 7 (late afternoon) to July 12 (lunch), 2023

Place: Hotel Špik, Gozd Martuljek, Slovenia

Local organizer: B. Zajec, T. Kosec, M. Hren and A. Legat, Slovenian National Building and Civil Engineering Institute (ZAG)

Int. organizing committee: S. Ritter (PSI), L. Martinelli (CEA), D. Engelberg & F. Scenini (University of Manchester-MPC)

Registration fees:

Student fee, single 3-star room: € 990

Regular fee, single 4-star room: € 1590

The fee includes full cost accommodation in Hotel Špik, access to lectures, electronic handouts, all breaks. EFC members get a € 20 discount.

Registration cut-off date: May 1, 2023

Contact: nucoss@ecg-comon.org

More information is available on: www.ecg-comon.org/meetings/nucoss/

This summer school is co-organised by WP 4 «Nuclear Corrosion» of the European Federation of Corrosion (EFC event no. 488) and ZAG.

The support from the following organisations is gratefully acknowledged:
