

Corrosion Awareness Day 2024

The Corrosion Awareness Day highlights the \$2.5 trillion annual global cost of corrosion, its critical consequences, and ways of controlling it, which can be reflected in decision-making in industries and government.

Date	Country	Event	Title	Host
April 22, 24	Pakistan	Chemistry behind Corrosion, Corrosion Photographic Competition, Corrosion Awareness Blog and Technical Session	Corrosion Awareness Day 2024	University of the Punjab
April 24	Poland	Plenary lecture, photo competition, art competition, cat name competition and corrosion live stream	CorrDay2024	Silesian University of Technology
April 24	Germany	Photo competition	Give your surface a challenge	Max-Planck-Institut für Eisenforschung
April 24	Germany	Photo competition	Afraid of corrosion?	Max-Planck-Institut für Eisenforschung
April 24	Canada	Scavenger Hunt	Corrosion Scavenger Hunt	Infinity Growth
April 24	Switzerland	Swiss Corrosion Science Day 2024	Swiss Corrosion Science Day 2024	SIKA Technology
April 24	Spain	Lab visit and action focused focused on the corrosion field and career development	Unlocking the Secrets of Corrosion!	Universidad Complutense de Madrid
April 24	the Netherlands	kick-off symposium of the Energy Transition Hub for Materials & Corrosion	"Addressing Corrosion Challenges in the Energy Transition"	Bond voor Materialenkennis
April 25	Switzerland	5th online seminar on nuclear corrosion	"Is copper a safe canister material for long-term storage of nuclear waste?"	EFC Working party 4
May 17	United Kingdom	Photo competition	Corrosion Photo Competition	The University of Manchester
