

# The Young EFC invites you to **3M Plenary Lecture Competition**

EUROCORR  
AUGUST  
27-31, 2023  
BELGIUM  
BRUSSELS

THE ANNUAL CONGRESS  
OF THE EUROPEAN  
FEDERATION OF CORROSION

Would you like the opportunity to present your **research during a plenary lecture at EuroCorr2023** (Brussels 27-31.08)? If you are up to the challenge, then join the **Young EFC 3M Plenary Lecture Competition. We are looking forward to your application!**

Register [here](#) and **send your application to [youngcorrosion@gmail.com](mailto:youngcorrosion@gmail.com) by January 16<sup>th</sup>.**

## Why participate?

- Develop your academic, presentation and research communication skills
- Develop your ability to effectively explain your research in language appropriate to a general audience
- Celebrate your research, connect with your peers, and raise your public profile
- Have the chance to give a plenary lecture at the next EuroCorr2023

## Application (first round)

- 1 min video (free format) to apply and introduce yourself
- CV + list of publications
- Motivation letter

## Second round for selected candidates

Challenge yourself and present your research in 3 minutes.

## Eligibility

- Contestants must have less than eight-year professional experience after completing their doctorate upon submission. Other candidates may also be considered if there are extraordinary grounds for doing so. (Extraordinary grounds refer to illness, parental leave or similar circumstances)
- Contestants must hold a PhD related to Corrosion
- The winner must register and attend the EuroCorr2023
- The material (video/CV...) could be use in social media
