

How to Write a Paper. Led by the editor-in-chief of Corrosion Science

Join us for an interactive session on Scientific Writing

We will discuss how to go about to construct and write a research paper, share tips on how to choose the best journal for you and what the editors are looking for in an article.

Arjan Mol, Editor-in-Chief of Corrosion Science, will share his perspective on how to prepare your manuscript to be considered in an high-impact journal.

Come and share your thoughts and questions!

Registration Open until 20/12/2020
