

RULES FOR THE AWARD OF THE KURT SCHWABE PRIZE

Founded by the Hungarian Corrosion Society "**HUNKOR**"
and delivered by the **European Federation of Corrosion** at the **EUROCORR** Conference

AWARD

In honour of the late Professor Kurt Schwabe and on the initiation of the Hungarian Corrosion Society, "HUNKOR, "KURT SCHWABE PRIZE" has been established by financial support of the HUNKOR.

The award, which consists of a medal, a diploma of merit and a sum of 500 EURO, will be presented every three years to a young scientist in recognition of his/her scientific and technical contribution to the field of corrosion on the basis of records and publications.

RULES FOR THE NOMINATION

Applicants from the EFC Member Societies and from individuals should be registered at least 12 months before the date of deliverance of the award by submitting their proposals to the EFC Secretariat, CEFRACOR, 28 rue Saint-Dominique, F75007, Paris. Nominees must be not elder than 35 years. Proposals should be accompanied by a list of publications and letters of support from at least three persons who are familiar with the work and contributions of the candidate's knowledge. The nomination process will close on March 1st of the same year when the award will be presented.

The selection committee for the award evaluation consists of three members: one from the Hungarian Corrosion Society and two others selected by the Science and Technology Advisory Committee (STAC). The selection committee should announce its recommendations to STAC by May 1st of the year of the award presentation.
