

**WORKING PARTY ON TRIBOCORROSION.**  
- EUROPEAN FEDERATION OF CORROSION -

---

**Call for abstracts *Eurocorr2014***

<http://www.eurocorr.org/> .

*“Interplay of mechanics and corrosion in surface  
and bulk degradation”*

**First Joint Session WP5 & WP18**

*In September 2014, WP5 “Environmentally sensitive fracture” and WP18 “Tribocorrosion” working parties organize a joint session during the Eurocorr conference in Pisa, Italy, devoted to “Interplay of mechanics and corrosion in surface and bulk degradation”.*

*That joint session will consist of three sessions detailed hereafter and containing oral presentations and one poster session.*

- **Session 1: Depassivation and repassivation (mechanisms)**
- **Session 2: Degradation processes and component failure**
- **Session 3: Embrittlement and hydrogen**

<b><i>Date to note :</i></b>	<i>- 31 January 2014</i>	<i>Deadline for submission of abstracts.</i>
	<i>- March 2014</i>	<i>Notification to authors.</i>
	<i>- May 2014</i>	<i>Distribution of the programme.</i>
	<i>- 15 June 2014</i>	<i>Submission of full manuscripts for CD-ROM.</i>
